

Frankie and Andy's Place – Volunteer Schedule

Our volunteer coordinator will do everything possible to accommodate your availability. **You will be required to attend a 1 ½ - 2-hour orientation with one of our experienced volunteers, and at least one or two additional sessions with another volunteer to “shadow”.** It is important to us that you have sufficient time to bond and get to know the routines established. Once you are comfortable, our volunteer coordinator will set up a regular schedule for you.

Most of our volunteers make a weekly commitment. We recommend a minimum of two-three hours at least once every other week in order to maintain a healthy relationship with the seniors.

Thank you for giving your time to our senior dogs!
